

Restriction of Hazardous Substance (RoHS) Certificate of Compliance

For more information, see

<http://www.lsi.com/ehs>

RoHS Certificate of Compliance Provided By:

Supplier Name: LSI Corporation
Supplier Address: 1621 Barber Lane, Milpitas, CA 95035 USA

LSI Part Number: L5-25034-13
L5-25034-02
L5-25343-06
Marketing Name / Product Description: LSI00160 MEGARAID LSIIBBU06
LSI00161 MEGARAID LSIIBBU07
LSI00264 MEGARAID LSIIBBU08

Hazardous Substance Statement(s):

RoHS Definition:

Quantity limit of 0.1 % by mass (1000 PPM) in homogeneous material for: Lead (Pb), Mercury (Hg), Hexavalent Chromium (Cr+6), Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE) and quantity limit of 0.01 % by mass (100 PPM) of homogeneous material for Cadmium

RoHS Declaration:

- ☐ Product **does not** contain RoHS restricted substances per the definition above.
☐ Product **does** contain RoHS restricted substances above the limits per the definition above and is not under an EU RoHS Exemption.
☒ Product or product component(s) **does not** contain RoHS restricted substances per the definition above except for specific EU RoHS Exemptions listed to the right.
☐ Product is obsolete or unknown, no information is available.

Antimony-Free and Halogen-Free Declarations:

- ☐ Product **does not** contain above 0.09 % by mass (900 PPM) in homogeneous material for Antimony (Sb).
☐ Product **does not** contain above 0.09 % by mass (900 PPM) in homogeneous material for Bromine (Br) and Chlorine (Cl) and less than 0.15% (1,500 PPM) Br and Cl.

Substance	Description of Use	Location	Quantity (PPM)

EU RoHS Exemption

Product or product component(s) meet the following EU RoHS Directive 2011/65/EU Annex III specific exemption(s):

- ☐ 5(a) Lead in glass of cathode ray tubes.
☐ 5(b) Lead in glass of fluorescent tubes not exceeding 0.2% by weight.
☒ 6(a) Lead as an alloying element in steel for machining purposed and in galvanised steel containing up to 0.35% lead by weight.
☒ 6(b) Lead as an alloying element in aluminium containing up to 0.4% lead by weight.
☒ 6(c) Copper alloy containing up to 4% lead by weight.
☒ 7(a) Lead in high melting temperature type solders (i.e. lead-based alloys containing 85% by weight or more lead).
☐ 7(b) Lead in solders for servers, storage and storage array systems, network infrastructure equipment for switching, signalling, transmission, and network management for tele-communications.
☒ 7(c)-I Electrical and electronic components containing lead in a glass or ceramic other than dielectric ceramic in capacitors, e.g. piezoelectronic devices, or in a glass or ceramic matrix compound.
☐ 7(c)-II Lead in dielectric ceramic in capacitors for a rated voltage of 125V AC or 250V DC or higher.
☐ 7(c)-III Lead in dielectric ceramic in capacitors for a rated voltage of less than 125V AC or 250V DC.
☒ 15 Lead in solders to complete a viable electrical connection between semiconductor die and carrier within integrated circuit flip chip packages.

Certification Statement

LSI certifies that it gathered the information it provides in this form concerning RoHS restrictive substances using appropriate methods to ensure its accuracy and that such information is true and correct to the best of its knowledge and belief, as of the date that LSI completes this form. LSI acknowledges that Company will rely on this certification in determining the compliance of its products with European Union member state laws that implement the RoHS Directive 2011/65/EU. Company acknowledges that LSI may have relied on information provided by others in completing this form, and that LSI may not have independently verified such information. However, in situations where LSI has not independently verified information provided by others, LSI agrees that, at a minimum, it has a program in place to ensure that its suppliers' certifications are at least as comprehensive as the certification in this paragraph. If the Company and the LSI enter into a written agreement with respect to the identified product, the terms and conditions of that agreement, including any warranty rights and/or remedies provided as part of that agreement, will be the sole and exclusive source of the LSI's liability and the Company's remedies for issues that arise regarding information that LSI provides in this form.
